

Technical Bulletin 135

Version 1.0 19th February 2013

Updated Cub and Tiger Software

New versions of the CubPC and TigerPC software are available and can be downloaded from the Ion Science website. The updated versions are identical to the previous versions, however they will now install on Window 8 (64 bit) operating systems.

Download the latest versions of software from the Ion Science website:

[CubPC V0.0.0.29a](#)

[TigerPC V1.0.0.0.63a](#)
