

# Technical Bulletin 146

Version 1.0      7<sup>th</sup> August 2013

---

## New Cub firmware now available

---

*Ref. Firmware version 0.0.65*

*A new version of firmware is now available for the Cub. This update simply adds a 5 second warm up time at switch on.*

*General functionality remains the same.*

Visible functionality of the Cub will not change.
